

The Affordable Research Microscope

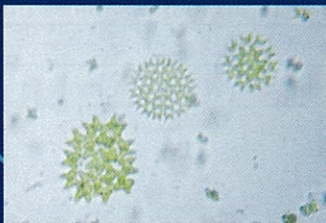

12V20W Halogen
Illumination

Binocular or
Monocular Head

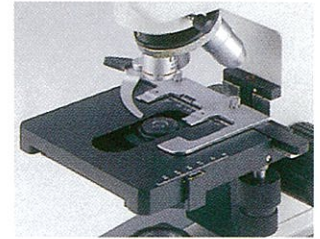

Quadruple Inverted
Nosepiece

Coaxial Coarse & Fine
Focusing Knobs

AIS2600SERIES

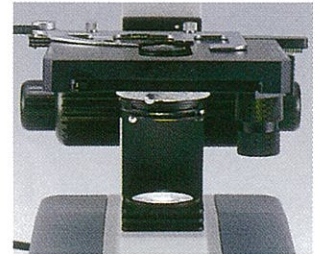

THE NEW AIS2600SERIES

Built-in mechanical stage with X-Y movement

Binocular or Monocular head with Wide Field 10x eye pieces

12V20W Halogen illumination with variable intensity. N.A. 1.25 Abbe Condensor

- **Binocular Head 45 Eye-Tube 360 Rotatable**
- **Quadruple Inverted Nosepiece with (4) Achromatic Objectives 4x, 10x and S100x**
- **Coaxial Coarse and Fine Focusing Knobs**

| | AIS - 260 | AIS - 262 |
|---------------------|--|----------------------------|
| Magnification Range | 40x~1000x | 40x~1000x |
| Objectives | 4X 10X S40X S100X | 4X 10X S40X S100X |
| Eye Pieces | WF10X - 18mm | |
| Head | Monocular (45 Angle 360 Rotatable) | Binocular |
| Stage | Ball Bearing Mechanical Stage W135 x D135mm | Tracking 70mm x 30mm 0.1mm |
| Condensor | Substage Condensor N.A.1.25 with Iris Diaphragm | |
| Illumination | 12V 20W Halogen Illumination with variable Intensity 2mm 2.5mm | |
